

ORDINANCE NO. 7

AN ORDINANCE AMENDING ORDINANCE NO. 5
RELATING TO THE ISSUE OF WATER WASTE

The Board of Directors of the Fox Canyon Groundwater Management Agency, State of California, do ordain as follows:

Section 1

Article 2, Section 1 of Ordinance No. 5 is amended to read as follows:

Section 1. General

The Agency Coordinator shall establish an operator's extraction allocation for each extraction facility located within the boundaries of the Agency. The extraction allocation shall be the historical extraction as reported to the United Water Conservation District and/or to the Agency pursuant to Agency Ordinance Nos. 1 and 2 or as otherwise provided for in Article 6 of this ordinance. Extraction allocations shall be prorated in instances where they apply to less than a full calendar year.

Notwithstanding any provision in Ordinance No. 5, the annual allocation shall be an allocation based on 60 percent irrigation efficiency of the current crop or the historical allocation, whichever is less. The irrigation efficiency for the operator's crop shall be determined using the formula described in Paragraph B of Article 6.

This 60 percent irrigation efficiency is totally unrelated to the 80 percent efficiency described in Article 6, Paragraph B, "Annual Efficiency Extraction Allocation".

Where an operator operates more than one extraction facility, the extraction allocations for the individual facilities may be combined.

Section 2. Effective Date

This ordinance shall become effective 31 days from the date of its adoption.

ADOPTED this 26th day of July, 1991, by the following vote:
