*NOTE: If proposed water supply well is within the area referenced in the Ventura County Well Ordinance No. 4468 Sec 4826.1-Water Well and Water Well Prohibition, your permit application must be accompanied by documentation explaining the reason for a variance request. If the proposed water supply well is in an area that is exempt from the prohibition (e.g. FCGMA), your permit application must be accompanied by the proper agency permit/approval.

I hereby agree to comply with all provisions of Ventura County Ordinance No. 4468, and all applicable State of California and local regulations pertaining to well construction, repair, modification and destruction. I agree to comply with all conditions of the issued permit to submit required post-work documents and reports. I understand that any modification of the issued permit requires approval by the Manager, Water Resources Division, and that the information contained herein becomes a part of the permit when issued.

Registered Inspector Signature (Applies to monitoring wells and borehole work)		Date	

County of Ventura
APPLICATION FOR WELL PERMIT
800 South Victoria Avenue; Ventura, CA 93009-1610

Well Location Map / Site Plan: Indicate exact location of proposed well, all existing wells of all types (regardless of whether they are subject to regulation under Article 1 of Ventura County Ordinance No. 4468), drainage pattern of the property, all intermittent or perennial, natural or artificial water bodies or water courses, property lines (with APN number), sewage disposal systems or works carrying or containing sewage, access roads, livestock and animal keeping areas, composting or mulching operations areas, and solid waste disposal sites. Setbacks from potential sources of contamination shall comply with the California Department of Water Resources *California Well Standards Bulletin 74-90* available at the following website address:

http://www.water.ca.gov/groundwater/well_info_and_other/california_well_standards/well_standards_content.html

Map should be drawn to scale or show distances of the above items from the proposed well. Map extent should be a minimum radius of 500 feet from the proposed well.

Well Permit Fee Schedule

<u>Well Type</u>	<u>Fee</u>
<u>Water Supply Wells</u>	
Permits for installation, repair, or destruction of water wells and cathodic protection wells	\$1,335.00
For each additional water well or cathodic protection well which is located on the same parcel and is sealed the same day	\$200.00
For permits solely to increase the depth of an existing well (Where no County Inspector visit is required)	\$430.00
Increase existing well depth add well (Where no County Inspector visit is required)	\$100.00
<u>Monitoring Wells*</u>	
Permits for installation, repair and destruction of monitoring wells and drilling engineering test holes; up to four wells/borings on the same parcel	\$470.00
For each additional well which is located on the same parcel	\$55.00
Annual permit for drilling engineering test holes	\$700.00
<u>Permit Extension</u>	
For extending the expiration date of any well/boring permit six months (not applicable to Annual Permits)	\$40.00
<u>Certificate of Exemption</u>	
Processing fee (Not monitored annually by VCPWA/UWCD)	\$170.00

*Note: A well permit is not required for drilling Engineering test holes (soil borings, hydropunch, geoprobes, etc.) that are less than 50 feet deep and do not encounter groundwater or for cathodic protection wells that are less than 50 feet deep.
