G. Regular Agenda

1. Approve the Minutes of the January 18, 2024 Meeting: Richard Cavaletto made a motion to approve the meeting minutes of the January 18, 2024, meeting. David Schwabauer seconded the motion, which passed with unanimous consent.
2. Recommendation letter on Assessment and Budget Items:
 - a. The PAC discussed the proposed amended draft recommendation letter to the Watermaster concerning collection of the annual assessments. After further review of the Final Judgment and discussion with counsel, the letter was revised to exclude the request to have the Watermaster perform the assessment billing for mutual exclusive shareholders. The mutual water companies will bill their mutual exclusive shareholders for the annual assessments, consistent with existing billing practices for extraction fees; further, it allows the mutual water companies to manage their shareholders' allocations and related costs. Penalties for non-payment of the assessments by shareholders will be governed by the terms in the Final Judgment and will be applied uniformly by all mutual water companies.
 - b. There was discussion about the lack of sufficient financial information that is currently available to support the \$64/AF fee for annual assessments that is in the Watermaster's budget for the current fiscal year. PAC members agreed unanimously that no assessments should be billed until there is precise financial data made available to the PAC for review and approval.

- c. Vice Chair Rob Grether made a motion to approve and send the modified version of the letter to the Watermaster, as discussed by the PAC. David Schwabauer seconded the motion which was approved unanimously.

- 3. PAC Administrator and TAC recruitment:
 - a. Recruitment for a permanent PAC Administrator is on hold until more information is available about the duties and the budget for this position.
 - b. Rob Grether, chair of the nominating subcommittee, provided an update on progress to-date with the interview process for the selection of TAC consultants. After the initial series of seventeen candidate interviews, the committee has narrowed its focus to six finalists; the finalists will be interviewed by the full PAC during the week of February 5, 2024. The PAC anticipates presenting its nominations for TAC members to the Watermaster at the FCGMA/Watermaster board meeting on February 28, 2024.

- 4. Closed Session – Public Employee Appointment Pursuant to California Government Code 54957:
 - a. The PAC entered a closed session at 3:51 P.M. to discuss the logistics regarding the interview process and the appointment of consultants for the Technical Advisory Committee.
 - b. The closed session was terminated at 4:33 P.M., and regular session resumed. There were no items reported to members of the public as a result of the closed session.

H. Future Agenda Items: PAC member Joe Pope asked to have the opportunity soon to discuss the water market, transfers, and exchanges.

I. Adjourn: with no further business on the agenda, Chair Prichard adjourned the meeting at 4:37 P.M.

LAS POSAS VALLEY WATERMASTER

MEMORANDUM

Date: February 08, 2024
To: Las Posas Valley Watermaster Policy Advisory Committee
From: Kudzai F. Kaseke, Assistant Groundwater Manager
Subject: Revised Las Posas Valley Basin Groundwater Allocations Calculations for Water Year 2023.

Dear Las Posas Valley Watermaster Policy Advisory Committee (PAC):

Attached for your review is the Las Posas Valley Watermaster's (Watermaster) Revised Groundwater Allocations Calculations for Water Year 2023. In response to the PAC's January 18, 2024 comments, the Watermaster contacted Hypericum Land Company, LLC, Hypericum Interests, LLC, Butler Ranch Mutual Water Company, and Del Norte Mutual Water Company (collectively, Conditional Domestic Holders) to request the certificates of occupancy necessary for the Conditional Domestic Allocations granted to the Conditional Domestic Holders to accrue, such that the Conditional Domestic Allocations should be included in the Watermaster's Groundwater Allocations Calculations for Water Year 2023. (See Las Posas Valley Adjudication Judgment, §§ 4.5.3.9, 4.5.3.10, Exhibit G, Exhibit H.) Butler and Hypericum companies responded by the deadline set forth in the Watermaster's letter; no response has been received from Del Norte. Butler and Hypericum's counsel explained that they are still working to obtain permits, and not requesting Conditional Domestic Allocation for Water Year 2023 but reserve the right to request such allocation in the future. Therefore, none of the Conditional Domestic Allocations granted to the Conditional Domestic Holders has accrued, and the Watermaster has accordingly prepared the attached Revised Groundwater Allocations Calculations for Water Year 2023, which does not include allocations for the Conditional Domestic Holders.

The Watermaster plans to bring the Revised Las Posas Valley Groundwater Allocations Calculation to the Fox Canyon Groundwater Management Agency Board of Directors (acting as the Watermaster Board) for approval at its February 28, 2024, meeting. Please provide feedback to the Watermaster by February 16, 2024, for inclusion in the agenda packet.

Please contact me at 805 654 2010 or LPV.Watermaster@ventura.org with any questions or concerns.

Chair West:

At its January 18, 2024 meeting, the Las Posas Valley Basin Watermaster Policy Advisory Committee (PAC) reviewed the January 2, 2024 committee consultation request from the Watermaster regarding Water Year (WY) 2023 Allocations. Please consider this letter the PAC's Recommendation Report regarding that consultation.

A review of the allocations revealed that the Watermaster inadvertently included 73 acre feet of Conditional Domestic Allocations in its calculation that, to the PAC's knowledge, have not yet been granted and should therefore be excluded from the calculation. The Conditional Domestic Allocations included were 24 acre feet to Hypericum, 24 acre feet to Butler Ranch, and 25 acre feet to Del Norte Water Company. Dr. Farai Kaseke, the Watermaster representative on the PAC, indicated that the Conditional Domestic Allocations would be excluded and that the Annual Allocations would be recalculated. The PAC is meeting next on 15, 2024, and would appreciate an opportunity to review the corrections. Besides that, the PAC confirms that the methodology to calculate the Annual Allocations appeared correct.

In addition to reviewing the annual allocation calculation, the PAC discussed the timing and collection of the assessments. The PAC recommends billing the assessment in installments.

The PAC recognizes that the FCGMA budget has been carrying Watermaster expenditures since work began in the wake of the Judgment execution in July 2023. PAC members and our constituents supported the Judgment and understand that the Watermaster Assessment is part and parcel to the Judgement. However, many of our constituents are very concerned about the timing of this new charge and the impact it will have on their operations' cashflow. Some operators anticipate needing to take out bridge loans to pay the assessment ahead of the growing season. The PAC considers it reasonable for the Watermaster to be mindful of its cashflow and not incur costs well ahead when it collects assessments.

The PAC recognizes that the FCGMA Fiscal Committee intends to analyze the Watermaster budget in depth and understands that effort is slated to begin this winter. We also understand that the Watermaster will follow the Judgment's requirement that "FCGMA shall implement changes to the FCGMA Assessments to avoid inequitable, duplicative, or disproportionate financial burdens upon Groundwater users in the Las Posas Basin after taking into account funds raised for administration of the Basin through the Basin Assessment" (Judgment at p. 59). We recommend that: (1) a first installment of the Basin Assessment be limited to those portions of the Basin Assessment that are clearly not duplicative of charges for services already paid by Las Posas Basin groundwater users through the FCGMA's regular assessment; (2) future installments be invoiced after the Watermaster completes its reconciliation of the charges for budgeted services between the FCGMA regular assessment and the Basin Assessment; and (3) future installments of the Basin Assessment only cover any remaining non-duplicative charges.

For WY2023, given where we are in the calendar, the PAC recommends an initial assessment billing, for all clearly nonduplicative expenditures-to-date, be issued upon reconciliation of expenditures-to-date

and consultation with the PAC. We recommend subsequent billings for WY2023 at the third and fourth quarter of the WY (approximately April and July).

For WY2024 and all future years, the PAC recommends billing assessments in four equal quarterly installments.

We appreciate the opportunity to respond to the Watermaster's January 2 committee consultation and offer these additional recommendations. We are at your service should you have any other questions or concerns.

Sincerely,
