#### **NOTICES**

The FCGMA Board strives to conduct accessible, orderly, and fair meetings where everyone can be heard on the issues. The Board Chair will conduct the meeting and establish appropriate rules and time limitations for each item. The Board can only act on items designated as Action Items. Action items on the agenda are staff proposals and may be modified by the Board as a result of public comment or Board member input. Additional information about Board meeting procedures is included after the last agenda item.

<u>Administrative Record</u>: Material presented as part of testimony will be made part of the Agency's record, and 10 copies should be left with the Board Clerk. This includes any photographs, slides, charts, diagrams, etc.

<u>ADA Accommodations</u>: Persons who require accommodation for any audio, visual, or other disability in order to review an agenda or to participate in the Board of Directors meeting per the Americans with Disabilities Act (ADA), may request such accommodation in writing addressed to the Clerk of the FCGMA Board, 800 South Victoria Avenue, Location #1610, Ventura, CA 93009-1610, or via telephone by calling (805) 654-2014. Any such request should be made at least 48 hours prior to the meeting so staff can make the necessary arrangements.

\*\*\*

<u>Availability of Complete Agenda Package</u>: A copy of the complete agenda package is available for examination at the FCGMA office during regular working hours (8:00 a.m. to 5:00 p.m. Monday through Friday) beginning five days before the Board meeting. Agenda packet contents are also posted on the FCGMA website as soon as possible, and left there for archival retrieval in case reference is needed on previously considered matters. Questions about specific items on the agenda should be directed to the Agency's Executive Officer.

\*\*\*

<u>Continuance of Items</u>: The Board will endeavor to consider all matters listed on this agenda. However, time may not allow the Board to hear all matters listed. Matters not heard at this meeting may be carried over to the next Board meeting or to a future Board meeting. Participating individuals or parties will be notified of the rescheduling of their item prior to the meeting. Please contact the FCGMA staff to find out about rescheduled items.

\*\*\*

<u>Electronic Information and Updates</u>: Visit (for home page information) or Facebook (for meeting updates). Information available online includes the Board's meeting schedule, a list of the Board members and staff, weather station data, general information, and various Agency forms. If you would like to speak to a staff member, please contact the Clerk of the Board at (805) 654-2014.

#### A. Call to Order

Chair Bennett called the meeting to order at 9:00 a.m.

In attendance were: (1) Steve Bennett, FCGMA Operations Committee Chair; (2) Robert Eranio, FCGMA Operations Committee Vice Chair; (3) Arne Anselm, WPD, Deputy Director; (4) Kim Loeb, FCGMA, Groundwater Manager; (5) Keely Royas, FCGMA Clerk of the Board; (6) Kathleen Riedel, Groundwater Specialist; (7) Susan Pan, Ventura County Water Works District (VCWWD); (8) Ian Pritchard, Camrosa; (9) Thien Ng, City of Oxnard; (10) Nancy Broschart, City of Oxnard; (11) John Lindquist, United Water Conservation District (UWCD); (12) Mike Ellis, UWCD; (13) Bob Siemak, UWCD; (14) Maryann Bral, UWCD; (15) Tony Emmeret, UWCD; (16) Jennifer Tribo, City of Ventura (17) Curtis Hopkins, Hopkins Groundwater Consultants (HGC); (18) Lucia McGovern, City of Camarillo; (19) Atharva Nanodlar, City of Camarillo.

#### B. Public Comments

There were no public comments.

## C. Water Supply and Infrastructure Projects

Kim Loeb presented an overview of what was discussed at the last Operations Committee meeting and the item's objective to identify and prioritize the projects for inclusion in the Groundwater Sustainability Plan (GSP) future scenario modeling.

Mr. Loeb pointed out that one of the spreadsheet of projects had been updated and that the blue columns represent projects that have passed through the process and will be recommended to the Board after the Operations Committee finishes its review and recommends that it be passed on to the Board. The other spreadsheet includes projects that would not be recommended to the Board for inclusion in the future scenario modeling. He stated that many of them simply do not have enough information and that they could possibly be included late on in a Groundwater Sustainability Plan (GSP) Update.

Mr. Loeb stated that at the last meeting there were some policy issues identified and that staff was instructed to bring the issues back in a framed way for discussion. The first policy issue discussed

FCGMA Operations Committee Special Meeting July 25, 2018 Page 2 of 2

was replenishment fees. Mr. Loeb stated that the Agency needs some guidance on the amount that the replenishment fees should be. Vice Chair Eranio stated that most likely the bracket for the fees will be around \$300 an acre foot (AF)

The second and third issues discussed were allocation purchases and temporary land fallowing. Chair Bennett asked if the water purchases would be long-term or short-term purchases. Mr. Loeb said that the ones in the seawater intrusion area would be short-term.

Mr. Lindquist asked for a scale on land fallowing. Mr. Loeb stated that a scale was not part of the project proposal and that the Board would determine that based on how much money should be spent.

Lastly, the Arroyo Las Posas water purchase was discussed. Chair Bennett stated that they are not ready to commit to purchasing Arroyo Las Posas water and that more research needs to be done on the water quality standards.

#### D. Adjourn Operations Committee Meeting

Chair Bennett adjourned the Operations Committee meeting at 8:58 a.m.

#### Notes:

- **1.** Reported extractions for the period 2016-2 to 2017-1.
- 2. Combined Total Capital Cost with 25 -year amoritization and Operations & Maintenance Cost. Project estimated increase in sustainable yield is up to 2,680 AFY.
- **3.** Cost not known. Used an estimate of \$2,000 for the purpose of the discussion.
- **4.** Combined Total Capital Cost with 50 -year amoritization based on 4,500 AF per year, and Operations & Maintenance Cost (assuming a water acquisition cost of \$900 per AF)
- **5.** Assumed 50% to 75% funding with Replenishment Fee.
