## WATER WELL PERMIT APPLICATION

No Fee Required

### GENERAL INFORMATION

Fox Canyon Groundwater Management Agency (FCGMA) Ordinance Code requires that before drilling a new water well within the boundaries of the FCGMA, a completed FCGMA water well permit application must be submitted. All groundwater extraction facilities within the boundaries of the Agency shall be registered with the Agency. All new extraction facilities constructed within the Agency Boundary shall obtain a no-fee permit from the Agency prior to the issuance of a Well Permit by the Ventura County Watershed Protection District. No extraction facility may be operated or otherwise utilized so as to extract groundwater within the boundaries of the Agency, or in the Expansion Area unless that facility is registered with the Agency, metered and permitted, if required and all extractions reported to the Agency as required.

Copies of the current FCGMA Ordinance Code and other pertinent information regarding the FCGMA can be obtained by visiting our website at <https://fcgma.org/ordinances-legislation/>.

This is a no-fee FCGMA permit application. In addition, a **FEE-BASED Ventura County Watershed Protection District Water Well Permit must be approved and secured prior to any construction.**
