NOTICES

The following information is provided to help you understand, follow, and participate in the meeting:

Public Comments – Public comment is the opportunity for members of the public to participate in meetings by addressing the Committee in connection with one or more agenda or non-agenda items.

The following options allow for public participation:

1. *Join the Zoom Meeting as an Attendee*

Please click the link below to join the webinar:

<https://us02web.zoom.us/j/84837829515?pwd=YkJvaG9URmUzMmZPMcTLeVpYR0sydz09>

Password: 658807

With this option you will be able to raise your hand, and the Clerk of the Board will give you speaking abilities to make a public comment.

2. *Call-In to the Zoom meeting:*

Telephone: 1 669 900 6833

Webinar ID: 848 3782 9515

*With this option you will be able to raise your hand (Press *9), and the Clerk of the Board will give you speaking abilities to make a public comment (*6 to unmute).*

2. *If you wish to make a comment on a specific agenda item, please submit your comment via email by 5:00 p.m. on the Tuesday prior to the meeting. Please submit your comment to the Clerk of the Board at fcgma@ventura.org. Please indicate in the Subject Line, the Agenda item number (e.g., Item No. 9).*

3. *If you are watching the live stream of the meeting through Zoom and would like to make either a general public comment (item C) for items not on the day's agenda or to comment on a specific agenda item as it is being heard, please submit your comment, limited to 250 words or less, to the Clerk of the Board at fcgma@ventura.org. Please indicate in the Subject Line, the Agenda item number (e.g., Item No. 9). Every effort will be made to read your comment into the record, but some comments may not be read due to time limitations. Comments received after an agenda item will be made part of the record if received prior to the end of the meeting.*

The FCGMA Board strives to conduct accessible, orderly, and fair meetings where everyone can be heard on the issues. The Board Chair will conduct the meeting and establish appropriate rules and time limitations for each item. The Board can only act on items designated as Action Items. Action items on the agenda are staff proposals and may be modified by the Board as a result of public comment or Board member input. Additional information about Board meeting procedures is included after the last agenda item.

Administrative Record: *Material presented as part of testimony will be made part of the Agency's record, and 10 copies should be left with the Board Clerk. This includes any photographs, slides, charts, diagrams, etc.*

ADA Accommodations: *Persons who require accommodation for any audio, visual, or other disability in order to review an agenda or to participate in the Board of Directors meeting per the Americans with Disabilities Act (ADA), may request such accommodation in writing addressed to the Clerk of the FCGMA Board, 800 So. Victoria Avenue, Location #1610, Ventura, CA 93009-1610, or via telephone by calling (805) 654-2014. Any such request should be made at least 48 hours prior to the meeting so staff can make the necessary arrangements.*

Availability of Complete Agenda Package: *A copy of the complete agenda package is available for examination at the FCGMA office during regular working hours (8:00 a.m. to 5:00 p.m. Monday through Friday) beginning Three days*

before the Board meeting. Agenda packet contents are also posted on the FCGMA website as soon as possible, and left there for archival retrieval in case reference is needed on previously considered matters. Questions about specific items on the agenda should be directed to the Agency's Executive Officer.

Continuance of Items: *The Board will endeavor to consider all matters listed on this agenda. However, time may not allow the Board to hear all matters listed. Matters not heard at this meeting may be carried over to the next Board meeting or to a future Board meeting. Participating individuals or parties will be notified of the rescheduling of their item prior to the meeting. Please contact the FCGMA staff to find out about rescheduled items.*

Electronic Information and Updates: *Our web site address is <http://www.fcgma.org>. Information available online includes the Board's meeting schedule, a list of the Board members and staff, general information, and various Agency forms. If you would like to speak to a staff member, please contact the FCGMA Clerk of the Board at (805) 654-2014.*

SUBJECT: STATUS UPDATE ON THE FCGMA SEMI-ANNUAL EXTRACTION STATEMENT NON-REPORTERS – (New Item)

RECOMMENDATIONS: (1) Hear a presentation from Agency staff regarding the status of Semi-Annual Extraction Statement (SAES) Non-Reporters; (2) Provide feedback to staff; and (3) Receive and file the report.

BACKGROUND:

During the April 2012 Board meeting, staff presented an item (Item 3) that described the results of the 2011-2 SAES filings. A key issue with that report was that approximately 20% of the SAESs sent by the Agency were not returned. Those statements represented several hundred wells.

In May 2012, Agency staff returned to your Board and proposed an approach to follow-up with the non-reporting operators. The follow-up approach included administrative steps and included a new \$500.00 civil penalty for failure to file the SAESs and/or to remit payment on time.

From June through August 2012, Agency staff was focused on the 2012-1 SAES processing but spent time investigating contact information and other details on the non-reporting operator accounts. From September through October 2012, Agency staff devoted significant time following-up with non-reporting operators. That follow-up included placing phone calls to the operator of record, sending e-mails to the operator of record, and even sending faxes to the operator of record. We also sent twenty certified letters with return receipt requested to operators of record when we did not have a working phone number, e-mail or fax. Six letters were returned as non-deliverable, twelve were signed for, but only three well operators actually contacted Agency staff. With those communications, we advised the operators of record that a \$500.00 civil penalty would be assessed for failing to file the SAES and payment.

In November 2012, we briefed the Operations Committee on our effort to date. We also advised the Committee not only were we following-up on the 2011-2 non-filers, but we had recently tabulated the 2012-1 results, finding 29% of the SAES were not returned. Our follow-up efforts grew to include this new batch of non-filers.

Item 3 - Page 1 of 3

Common responses from operators included:

- "We never received the paperwork" (Agency staff would then take the opportunity to verify that it had the correct name and address, often it was correct.);
- "We sent it in, but we will look for a copy and resend it";
- "The corporate office was supposed to do that, they are the ones that process payment";
- "The person who used to do that doesn't work here anymore and this is the first we have heard of this requirement"; and
- "We already reported to United Water Conservation District and were not aware we needed to report to the FCGMA, too."

Initial and Combined Status of the 2011-2 and 2012-1 Group

SAES period	Initial Status	Combined Status
2011-2 SAES	419 SAES sent, 77 not returned. 18% failure.	199 failures to return per 845 SAES sent. 23.5% failure.
2012-1 SAES	426 SAES sent, 122 not returned. 29% failure.	

November 2012 Operations Committee Update

- An additional 64 SAES returned. 135 failures to return per 845 sent. 16% failure.

Today's April 24, 2013 Update to your Board

- An additional 28 SAES returned. 107 failures to return per 845 sent. 12.6% failure.

Through significant staff time and effort, the failure rate has been reduced from 23.5% to 12.6%.

Currently, there are still 107 outstanding SAES for the 2011-2 and 2012-1 periods.

- Established contact with 38/107 and they appear to be working with the Agency. Nine of these have submitted SAES, but not payment.
- Determined 25/107 have a complicated history and are difficult to resolve.
- Failed to get any response from 44/107.

Expected Future Status for this 2011-2 and 2012-1 Group

- 38 of 107 should be resolvable bringing the failure rate down from the initial 23.5% to 8%.
- 69 of 107 may not be resolvable under existing priorities and approaches.

In order to better complete this particular effort, we are suggesting that the Agency take the next logical step by directing special correspondence to the parcel owner of record (extraction facility owner). Section 2.4.3 of the Ordinance Code states that owners of extraction facilities are ultimately responsible for payment of pumping charges and penalties should an operator not pay. This would be a significant effort.

Initial Status of the 2012-2 Group

SAES period	Initial Status
2012-2 SAES	430 SAES sent, 75 not returned. 17% failure.

In order to complete this effort, Agency staff will work to make contact with the well operators as we did for the 2011-2/2012-1 group. Furthermore, we will be assessing the \$500 civil penalty for failure to report

and/or pay for groundwater extractions. Finally, the follow-up effort should include field visits with well operators and/or land owners so Agency staff can facilitate compliance. Without additional resources this field visit effort will be limited, but ideally would be sufficient to provide assistance when necessary.

SUMMARY:

Significant effort has been spent on following-up with non-reporters for the 2011-2 and 2012-1 periods. The overall failure to return rate was reduced from 23.5% to 12.6% and we believe, ultimately, will be reduced to approximately 8% under the existing approach.

We have reached the point of diminishing returns with contacting the group of well operators representing the difference between an 8% and 0% failure rate. In order to close this gap even further, it would be appropriate to contact the parcel owners (well owners) of record for this group. This would be a significant effort for the Agency.

We were encouraged that efforts to gain compliance with the 2011-2 and 2012-1 non-filer groups were successful in cutting the non-compliance rate roughly in half, but data indicate the non-reporting issue has continued at a similar rate to the past. This type of trend is not new; your Board may recall that during the first Agency-wide meter calibration program, significant effort was spent by the Agency to raise the compliance rate to near 100%. Despite that significant Agency effort, we found that during the second round of the meter calibration program, the initial rate of non-compliance was similarly high to the previous rate.

Importantly, the Agency now also needs to focus on following-up with the 2012-2 non-reporters. This will include working to make contact with the operators as we have done with the previous groups, assessing the \$500 civil penalty for failure to report or pay for extractions, and very limited number of field visits to facilitate compliance.

Another consideration for your Board is that resolving the 2011 non-reporting has resulted in the FCGMA logging an additional 1,899.716 acre-feet of extractions for 2011. It is not known how much higher that value would be if the failure rate was further reduced.

RECOMMENDATION:

Provide feedback to staff and receive and file the report.

This letter has been reviewed by Agency Counsel. If you have any questions please call Rick Viergutz at (805) 650-4083, or me at (805) 654-2073.

Sincerely

Jeff Pratt, P.E.

D. Initial Report on Applications Requesting Allocation Variances in the OPV Basins

Initial Summary of Variance Applications

- 151 applications received by June 30, 2020, submission deadline for 2020-21 Water Year
- Initial review indicates the following:
(multiple requests can be included in an application)
 - 115 applications request variance for additional allocation
 - 12 applications request variance transfer
 - 20 applications request compliance for unreported extractions
 - 67 applications request correction of data
(many of these appear to actually be variance requests)

Initial Summary of Variance Requests

- Total initial allocation for OPV Basins is 95,476 AFY
- Initial estimate of the 115 variance requests is for an additional 23,608 AFY
 - It is not yet known how many of these are the type of request that will go to the Variance Review Committee (“Other Variance Requests” per Resolution No. 2020-03)
- Initial estimate of the 15 unreported extraction variance requests with at least 5 years of reporting is for an additional 1,043 AFY
- 5 of the unreported extraction variance requests are for wells with less than 5 years of reporting history during the Base Period

E. Review of New Pumping Allocation System Variance Request Process and Penalties for the OPV Basins

Process Summary

- Continue evaluating and categorizing variance requests
- Compile history regarding well from Agency files, as applicable
- Request additional documentation, data, and/or clarifications from applicant, as applicable
- Executive Officer findings and decision granting or denying variance request per Ordinance criteria for non-Variance Review Committee requests
- Prepare information packets for applicable variance requests and convene Variance Review Committee
- Appeals and Variance Review Committee recommendations to Board for Action

FCGMA Compliance Activities

- Prior to 2009, Agency principally communicated with well operators
- In 2009, Agency conducted significant effort to identify and register all unregistered wells
- During 2010 – 2013, Agency conducted significant program to identify and update missing extraction information back to at least 2006
- Large outreach effort undertaken to contact operators and owners including phone calls, certified letters, NOVs, etc.

Resolution 2020-03

- Established policies and procedures for granting specific types of variances from initial extraction allocations established by the OPV Allocation Ordinance
- Developed at three Executive Committee meetings (Jul & Oct 2019, Feb 2020)
- Reviewed by Board at Feb 2020 meeting and adopted at Apr 2020 Board meeting

Variance Policies

- Variance based on non-reported extractions:
 - 5 years or more of reported extractions
 - Reduced civil penalties based on number of unreported periods & annual extraction
 - Fewer than 5 years of reported extractions
 - Evaluated on case-by-case basis and subject to full penalties
- Variance based on extractions from unregistered wells
 - Requires Board approval and payment of daily civil penalty
- Other variance requests
 - Review by Variance Review Committee then consideration by Board
- Payment of extraction charges and interest required on any variance that increases allocation as a result of unreported extractions

Board Appeal – Extenuating Circumstances

- Board, on appeal, may decrease the civil penalty based on extenuating circumstances or other mitigating factors including
 - Applicant's lack of culpability in causing the violation
 - Absence of past violations, either of a similar or different nature, on the same or different property under the same ownership
 - Financial burden on the applicant
 - Other factors as deemed relevant by the Board

Executive Committee Discussion

Consideration of Potential Modifications

- Operator & owner compliance history
- Timing of ownership and operation of well
- Extractions reported to UWCD, but not FCGMA
- Different annual extraction tiers for reduced penalty schedule
- Timing of non-reported extractions, e.g., prior to 2009 vs. 2010 and later
- Executive Committee recommendations

OPV Ordinance Article 11

OPV Ordinance Article 11. Variances

11.1 Variance Purpose and Standards – The sole purpose of any variance shall be to enable an owner or operator to make reasonable use of groundwater in the same manner as other users of groundwater in the Basins. Before any variance may be granted, the owner or operator must establish and the Agency must determine that all of the following standards are met:

11.1.1 That there are special circumstances or exceptional characteristics applicable to the owner or operator which do not apply generally to comparable owners or operators in the Basins; and

11.1.2 That granting a variance will not confer a special privilege inconsistent with the limitations upon other owners and operators in the Basins; and

OPV Ordinance Article 11. Variances

- 11.1.3 That denial of a variance will result in practical difficulties or unnecessary hardships inconsistent with the general purpose of this ordinance; and
- 11.1.4 That the granting of a variance will not be inconsistent with the groundwater sustainability plan or the provisions of SGMA or with other regulations or ordinances of the Agency or detrimental to the Agency's ability to improve and protect the quantity or quality of groundwater supplies within the Basins; and
- 11.1.5 That the granting of a variance will not substantially impede the Agency's ability to achieve sustainable groundwater management or the actual sustainability of groundwater in the Basins.
